STAFF REPORT

To:	Board of Trustees
From:	E. Salomone, General Manager
Meeting:	Monday, February 6, 2023
RE:	Agenda Item 5: Water Supply Conditions Update & District Response

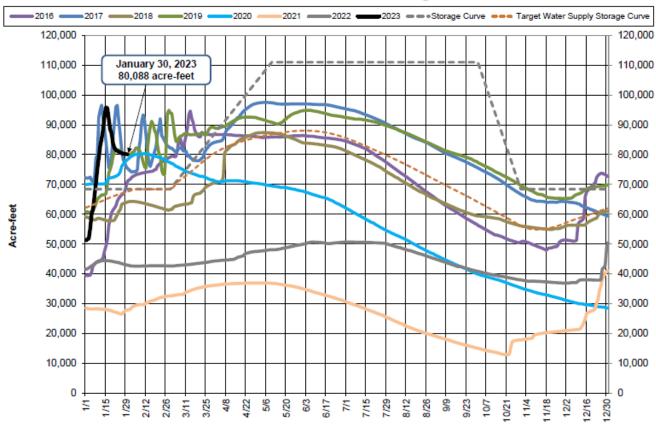

<u>The Strategic Plan</u> relevant priorities are: **Security** through ensuring reliable, resilient, and available sources of water; **Advocacy** in support of equitable water resource stewardship; and **Use** of water in effective and beneficial ways as a public resource, all in alignment with the District's Mission to steward water resources for the benefit of people and environment.

Inter-Basin Diversion of Water Through PG&E Owned "Potter Valley Project"

Nothing new to report.

Lake Mendocino and the Mainstem Upper Russian River

Lake Mendocino storage level was 80,088 acre feet (af) on January 30, 2023 as compared to 55,338 af on January 5, 2023.

Lake Mendocino Storage

Prepared by Sonoma Water. Additional information: <u>https://www.sonomawater.org/current-water-supply-levels</u>

(Continued....)

Flood Releases at Lake Mendocino/Coyote Valley Dam

As seen on the above graph, storage levels reached almost 96,000 af mid-January and the United States Army Corp of Engineers scheduled a flood release event for January 16, 2023. For more information on the flood release, visit <u>https://rrfc.specialdistrict.org/lake-mendocino-coyote-valley-dam-flood-releases-january-2023</u>

Temporary Urgency Changes to Lake Mendocino/Russian River Operations

On October 31, 2022, Sonoma Water Agency filed temporary urgency change petitions (TUCPs) with the State Water Resources Control Board Division of Water Rights. The TUCPs were submitted to address significant reductions in flows into the East Fork Russian River through PG&E's Potter Valley Project (PVP) due to a transformer bank failure, as well as continuing drought conditions in the Russian River Watershed. The TUCPs requested the implementation of a hydrologic index based on Lake Mendocino storage values, rather than the index based on cumulative inflow into Lake Pillsbury in the water right permits. On December 14, 2022, the Division of Water Rights issued an order that approved the requested changes of the TUCPs with various terms and conditions including fisheries habitat and water quality monitoring. The order will remain in effect through June 11, 2023. More information can be found on Sonoma Water's website: https://www.sonomawater.org/tucp

Curtailments in the Upper Russian River

As of January 13, 2023, due to continued precipitation throughout the region, the State Water Resources Control Board Division of Water Rights has updated the Curtailment Status List, effective January 14, 2023. Until further notice, there are no water right curtailments and no riparian reductions in place. Division staff will post a revised Curtailment Status List should supply conditions change, however staff do not anticipate further updates until late February at the earliest. More information can be found on the Russian River drought response page: <u>https://www.waterboards.ca.gov/drought/russian_river/</u>

The Upper Russian River Voluntary Water Sharing Agreement Program

The Water Sharing Program Steering Committee has continued to meet regularly and prepare the 2022 annual implementation report and prepare a 2023 Program in the event it is needed. Find out more on the District's website: <u>https://www.rrfc.net/upper-russian-river-voluntary-water-sharing-program</u>

District 2023 Water Supply & District Response:

The District does not currently have any active water shortage declarations in place. Customers are providing monthly projected water use under District contracts for planning purposes and development of the Technical Memo with Sonoma Water.

STAFF REPORT

To:	Board of Trustees
From:	E. Salomone, General Manager
Meeting:	Monday, February 6, 2023
Item:	7: Draft Financial Statements & Independent Auditor's Report for Fiscal Year 2021-2022

<u>The Strategic Plan</u> relevant priority is **Administration** through sound and sustainable management of District finances.

Discussion

The Board is invited to provide comments and questions on the Draft Financial Statements & Independent Auditor's Report for Fiscal Year 2021-2022. The Board may approve the draft and direct GM to finalize or provide further direction to the GM and consider approval at a future meeting.

Recommended Board Action:

(1) Direct General Manager to communicate with Auditor any questions and comments on the Draft Financial Statements & Independent Auditor's Report for Fiscal Year 2021-2022 and present updated Draft Report to the Board at a future meeting for approval;

Or

(2) Move to approve the Draft Financial Statements & Independent Auditor's Report for Fiscal Year 2021-2022 and direct General Manager to sign the management representation letter and other documents necessary for finalization.

29 4. Board Proclamation of Appreciation for Matthew Froneberger's Service as a Trustee

GM Salomone noted that the Trustee term change date is December 2, 2022, rather than December 31, 2022. Therefore, Matthew Froneberger's term ended without an opportunity to acknowledge his long and excellent service to the District. The Board directed GM Salomone to finalize the proposed Proclamation and present it to Matthew Froneberger at the first in-person meeting of the Board since 2020, tentatively March 5, 2023. GM Salomone noted John Bailey's term began sooner than realized and he was unable to attend the meeting due to a prior commitment, sending his apologies.

Resolution #23-01

of the Mendocino County Russian River Flood Control & Water Conservation Improvement District

Affirming the Appointment of Representatives to the Ukiah Valley Basin Groundwater Sustainability Agency

WHEREAS, groundwater in the Ukiah Basin is a vital resource to meet the water supply needs for customers of the District;

WHEREAS, the County of Mendocino, City of Ukiah, Upper Russian River Water Agency and the District have come together as Member Agencies to improve management of groundwater in the Ukiah Valley Basin under a Joint Powers Agreement (JPA) creating the Ukiah Valley Basin Groundwater Sustainability Agency (GSA);

WHEREAS, each of the Member Agencies is a local agency as defined by the Sustainable Groundwater Management Act of 2014 (SGMA), duly organized and existing under and by virtue of the laws of the State of California with the ability to exercise powers related to groundwater management; and,

WHEREAS, Article 7 of the GSA JPA provides for the appointment and re-appointment by Resolution of Directors and Alternate Directors on the Agency Board of Directors to serve as representatives of each Member Agency, including the District.

BE IT FURTHER RESOLVED that for the calendar years of 2023 and 2024, Trustee Alfred White remains serving as the Director and Trustee John Bailey is appointed as Alternate Director to represent the District on the Ukiah Valley Basin Groundwater Sustainability Agency in the event that the Director representing the District cannot attend a GSA Board of Directors meeting. General Manager Elizabeth Salomone remains serving as the appointee to represent the District on the Technical Advisory Committee.

ADOPTED by the Board of Trustees of the Mendocino County Russian River Flood Control & Water Conservation Improvement District on 6th day of February, 2023.

Mendocino County Russian River Flood Control & Water Conservation Improvement District

STAFF REPORT

To:	Board of Trustees
From:	E. Salomone, General Manager
Meeting:	Monday, February 6, 2023
RE:	Agenda Item 8e: State of Emergency

<u>The Strategic Plan</u> relevant priority are Advocacy: Improving public awareness and understanding of the importance of water issues; and Administration: Fostering District resources in alignment with the District's Mission to steward water resources for the benefit of people and environment.

Background

The Ralph M. Brown Act (Gov. Code § 54950 et seq.) generally requires local agencies meeting via teleconference, including through other virtual or electronic means, to provide public access at each location in which members of the legislative body are teleconferencing. Legislature recently enacted Assembly Bill 361, Chapter 165, Statutes of 2021 ("AB 361"), which amended Government Code section 54953 to allow local agencies to meet fully virtually during a proclaimed state of emergency if state or local officials have imposed or recommended measures to promote social distancing. The Governor of California issued a proclamation declaring a state of emergency on March 4, 2020 due to the COVID-19 pandemic, pursuant to section 8625 of the California Emergency Services Act, and this proclaimed state of emergency urrently remains in effect. Additionally, on September 29, 2021, the Mendocino County Health Officer issued a Health Recommendation urging public bodies in Mendocino County to continue meeting remotely through online meetings to lower the risk of COVID-19 transmission.

On November 1, 2021, the Board of Trustees of the Mendocino County Russian River Flood Control & Water Conservation Improvement District adopted Resolution #21-04 Making Findings and Determinations Under Assembly Bill 361 For Continued Virtual Meetings. Consistent with the provisions of Government Code Section 54953(e), the Board found and determined that (1) a state of emergency related to COVID- 19 is currently in effect; and (2) state and local officials have recommended measures to promote social distancing in connection with COVID-19. Based on such facts, findings and determinations, the Board authorized staff to conduct remote teleconference meetings of the Board under the provisions of Government Code Section 54953(e). 3. This Resolution took effect immediately.

Recommended Action:

Move to reaffirm the previously adopted Resolution #21-04 Making Findings and Determinations
under Assembly Bill 361 for Continued Virtual Meetings, determining that (i) The state of
emergency continues to directly impact the ability of the members to meet safely in person;
and/or (ii) State or local officials continue to impose or recommend measures to promote social
distancing.

Resolution #21-04

of the

Mendocino County Russian River Flood Control & Water Conservation Improvement District

Making Findings and Determinations Under Assembly Bill 361 For Continued Virtual Meetings

WHEREAS, the Mendocino County Russian River Flood Control & Water Conservation Improvement District Board of Trustees, hereinafter referred to as the "Board of Trustees," is committed to preserving and nurturing public access to and participation in meetings of the Board; and

WHEREAS, the Ralph M. Brown Act (Gov. Code § 54950 et seq.) generally requires local agencies meeting via teleconference, including through other virtual or electronic means, to provide public access at each location in which members of the legislative body are teleconferencing; and

WHEREAS, the Legislature recently enacted Assembly Bill 361, Chapter 165, Statutes of 2021 ("AB 361"), which amended Government Code section 54953 to allow local agencies to meet fully virtually during a proclaimed state of emergency if state or local officials have imposed or recommended measures to promote social distancing; and

WHEREAS, the Governor issued a proclamation declaring a state of emergency on March 4, 2020 due to the COVID-19 pandemic, pursuant to section 8625 of the California Emergency Services Act, and this proclaimed state of emergency currently remains in effect; and

WHEREAS, starting in March 2020, in response to the spread of COVID-19 in the State of California, the Governor issued a number of executive orders aimed at containing the COVID-19 virus; and

WHEREAS, among other things, these orders waived certain requirements of the Brown Act to allow legislative bodies to meet virtually; and

WHEREAS, pursuant to the Governor's executive orders, the Board has been holding virtual meetings during the pandemic in the interest of protecting the health and safety of the public, staff, and Board members; and

WHEREAS, the Governor's Executive Order N-29-20 related to the suspension of certain provisions of the Brown Act expired on September 30, 2021; and

WHEREAS, AB 361, effective as of October 1, 2021 allows legislative bodies to meet virtually provided there is a state of emergency, and either (1) state or local officials have imposed or recommended measures to promote social distancing; or (2) the legislative body determines by majority vote that meeting in person would present imminent risks to the health and safety of attendees; and

WHEREAS, the Board has considered the circumstances of the state of emergency; and

WHEREAS, state or local officials continue to recommend measures to promote social distancing; and

WHEREAS, on September 29, 2021, the Mendocino County Health Officer issued a Health Recommendation urging public bodies in Mendocino County to continue meeting remotely through online meetings to lower the risk of COVID-19 transmission; and

WHEREAS, the continuation of virtual meetings will allow for full participation by members of the public until the present state of emergency has ended; and WHEREAS, the Board desires to continue to hold virtual meetings pursuant to AB 361 and Government Code section 54953(e).

NOW, THEREFORE, BE IT RESOLVED that, the District Board hereby resolves as follows:

- 1. The above recitals are true and correct.
- 2. Consistent with the provisions of Government Code Section 54953(e), the Board finds and determines that (1) a state of emergency related to COVID- 19 is currently in effect; and (2) state and local officials have recommended measures to promote social distancing in connection with COVID-19. Based on such facts, findings and determinations, the Board authorizes staff to conduct remote teleconference meetings of the Board under the provisions of Government Code Section 54953(e). 3. This Resolution shall take effect immediately.

ADOPTED 1st of November, 2021 by the Board of Trustees of the Mendocino County Russian River Flood Control & Water Conservation Improvement District, by the following vote:

Christopher Watt	Yes / No / Abstain / Absent
Alfred White	Yes / No / Abstain / Absent

Mendocino County Russian River Flood Control & Water Conservation Improvement District

General Manager's Report for January 2023 Presented at Regular Meeting of Monday, February 6, 2023

Priority 1: Security ~ Ensure reliable, resilient, and available sources of water. (1: Improved river & reservoir operations. 2: Fair & reliable inter-basin. 3: Expanded water sources. 4: Increased storage capacity)

See also the Agenda Item on Water Supply Conditions

1-Coyote Dam/Lake Mendocino Operations: On January 16, 2023, the US Army Corps of Engineers conducted a high-flow release at Coyote Valley Dam. More information can be found on the District's website: https://www.rrfc.net/lake-mendocino-coyote-valley-dam-flood-releases-january-2023

1-Water Sharing Program: The Steering Committee met, continued to refine 2023 program implementation, discussed the impacts of Sonoma County's 10,000 acre feet a year reserved pool of stored water in Lake Mendocino, and worked on 2022 wrap up. The first annual implementation report was submitted on January 31, 2023, and will be published on the Program website soon.

2-Russian River Water Forum: The Project Management Advisory Team met weekly, conducted and reviewed briefings, refined proposed Forum structure and outreach materials, and began establishing an interim steering committee for the Planning Group. A grant application was submitted by Sonoma Water to continue funding the Forum and a local match will be required if awarded.

2-Potter Valley Project Licensing: Comments regarding PG&E's decommissioning plan and schedule were submitted to Federal Energy Regulatory Commission (FERC) by the following organizations: Friends of the Eel River; Trout Unlimited; California Trout; California Sportfishing Protection Alliance; Sierra Club, Redwood Chapter; Native Fish Society; Save California Salmon; American Whitewater; California River Restoration and Damn Removal, American Rivers; Pacific Coast Federation of Fishermen's Associations; and Institute for Fisheries Resources.

3-Water Right Applications: The Administrative Hearing Office issued a notice of status conference, the District filed a Status Conference Statement, and a conference was held January 30, 2023. Progress continues on the refinement of the water availability analysis and working with protestants.

Priority 2: Collaboration ~ Work with partners to achieve aligned goals for a common benefit. (1: Trusted relationships with community partners for regional water security. 2: Improved diversity, equity, and inclusion in the stewardship of water resources. 3: Expanded relationships with non-traditional partners and stakeholders in pursuit of enhanced Environmental Stewardship.)

1-Groundwater Sustainability Agency (GSA): The winter 2022-2023 GSA update presentation was given at the Ukiah Valley Sanitation District Board meeting and the Mendocino County Inland Water & Power Commission meeting and was rescheduled to provide the same update to the Upper Russian River Water Agency but the meeting was cancelled. The second public workshop on the well permitting process in cooperation with the County of Mendocino was postponed, date to be determined.

1-Relationship Building: GM met with Sonoma Water's Strategic Planning Committee to review the District's Strategic Plan development, implementation, format, etc. and was the guest speaker featured at the all-staff meeting

2-Russian River Water Forum: (See Priority 1)

3- Expanded Relationships: The new Executive Programs and Initiatives Committee of the Russian River Watershed Association (RRWA) met. To clarify, the District is not a member of RRWA, however, there has been a continued collaboration and GM was invited to participate in this committee.

Priority 3: Advocacy ~ Influence outreach, education, funding, regulation, and legislation in support of equitable water resource stewardship.

(1: Improved public awareness and understanding of the importance of water issues. 2: State and Federal governmental policy and funding support for the region.)

1-Public Awareness of Water Issues: GM provided a GSA update presentation at the Ukiah Valley Sanitation District Board meeting and the Mendocino County Inland Water & Power Commission meeting and was rescheduled to provide the same update to the Upper Russian River Water Agency but the meeting was cancelled.

2-ACWA: The ACWA Region 1 Board met, reviewing the work plan, committee assignments, and other business items.

Priority 4: Use ~ Ensure effective and beneficial use of water as a public resource. (1: Maximum beneficial use of water under District water right license. 2: Strategic use of water by customers.)

1-Water Accounting: The annual water reporting to the State Water Resources Control Board was submitted by the deadline. District Engineer, Balance Hydrologics, is working with Sonoma Water Agency and the State Water Resources Control Board to verify and refine data and an amendment will be filed, as is allowed.

Priority 5: Administration ~ Foster sustainable leadership and management of agency resources. (1: Capable and high quality executive leadership. 2: Engaged, diverse, and knowledgeable Board leadership. 3: Effective systems and human resources to execute the strategic plan. 4: Sound and sustainable management of District finances.)

4-Finances: District Accountant and Auditor to address financial planning, reporting, and enhancement. The draft FY 2021-2022 audit was completed and on this meeting's agenda. District Account issued all required annual tax documents has a copy of the books to close out payroll reporting and other items. Additional discrepancies continue to be addressed.

January 16, 2023, was the deadline for ballots to select a regular special district member to LAFCo. The Election was initiated with a call for nominations on April 29, 2022, and a distribution of ballots on August 19, 2022. Based on the ballots received by the deadline, a quorum of special districts was achieved (GOV §56332(f)(6)).

Ballots were received from the following independent special districts:

Anderson Valley CSD	Mendocino City CSD		
Brooktrails Township CSD	Mendocino County Recreation & Park District		
Calpella County Water District	Mendocino Fire Protection District		
Cemetery District of the Redwoods	Millview County Water District		
Covelo CSD	Potter Valley Irrigation District		
Elk CSD	Redwood Valley-Calpella Fire Protection District		
Elk County Water District	Redwood Valley County Water District		
Gualala CSD	Russian River Cemetery District		
Hopland Cemetery District	Russian River Flood Control District		
Hopland Fire Protection District	Ukiah Valley Fire District		
Hopland PUD	Ukiah Valley Sanitation District		
Little Lake Fire Protection District	Willow County Water District		
Long Valley Fire Protection District			

On January 17, 2023 at 11:00 a.m., the Mendocino LAFCo Executive Officer and LAFCo Chair Mulheren counted ballots at the LAFCo office at 200 South School Street, Ukiah, CA. The ballot count was as follows:

Regular Special District Member Seat for term 2023 – 2026			
Candidate	Sponsoring Agency	Number of Ballots Cast	
Francois Christen	Anderson Valley Community Services District	5	
Candace Horsley	Ukiah Valley Sanitation District	20	

We welcome Candace Horsley who will be sworn in as a regular special district representative at the next regular meeting of the Commission.

Note that as the sole nominee for the alternate special district representative for the term 2023-2026, Francois Christen was sworn in as the Alternate Special District Commissioner on January 9, 2023.

Thank you to all that participated in the 2022 Special District Election. Results of individual district ballots are available upon request.
