Dear \*\*,

**RE: Water Transfer Amendment to Uniform Water Sale & Purchase Agreement**

The District would like to thank you for your willingness to make unused contract water available to other District customers and Redwood Valley County Water District.

The benefits to making your unused water available for transfer include aiding in the health of the District's water license by putting Project Water to beneficial use as well as reducing your annual invoice. The quantity of water actually transferred may not be equal to the quantity made available in the transfer. The final accounting will be reflected on your next annual invoice. It will indicate the final acre feet quantity transferred and the dollar amount savings.

Please note that the price of surplus water sold to Redwood Valley County Water District is set by the terms of the 1980 Stipulated Judgement (see below for link to web based document.) The final price per acre feet changes annually based on RRFC operational costs and may be less than the current contract rate of \$\*\*.\*\* per acre foot. The final dollar amount recouped from the sale of the transferred quantity will be the amount deducted from your invoice.

Please review and sign the enclosed Water Transfer Amendment and return to the District. A fully signed copy will be returned to you for your records. If you have any questions, please do not hesitate to contact the District.

Yours sincerely,

[INSERT SIGNATURE]

Elizabeth Salomone, General Manager
